The admission requirements for each course are indicated in the attached forms.

Simultaneous enrolment in a Postgraduate Programme and in another course of study held at this or other Universities is permitted within the limits established by the DM n. 930 of 29 July 2022 (for more information, you can check the link <https://www.unimib.it/servizi/studenti-e-laureati/segreteria-studenti/contemporanea-iscrizione-due-corsi-studio>. Graduates who earn the required qualification in Italy by the first graduation session following the start of teaching activities may also apply for admission to the master's program, provided that, on the date of the selection process, they have only completed the activities required for the final exam.

If admitted, these students may enroll conditionally. The qualification must be earned by the indicated deadlines and communicated via self-certification to carriere.academy@unimib.it. Failure to earn the qualification will result in loss of enrollment, interruption of attendance, and the inability to obtain certifications. Tuition fees will not be refunded.

Graduate students admitted conditionally may apply for any financial aid, but may only benefit from it after completing the master's program.

Only for master's programs involving clinical work with patients, aimed at graduates in Medicine and Surgery, Dentistry and Dental Prosthetics, or qualifying healthcare professions, the admission qualification must be obtained by the application deadline indicated in the attached forms. Furthermore, only those who hold a professional license may be admitted.
